**Where's Nancy? (Nancy Drew: Girl Detective Super Mystery #1)** By Carolyn Keene

### *Where's Nancy?*

Nancy was going to tell you about this big mystery, but she disappeared. *Poof*. Just like that.

So now Bess, Ned, and me, George, have the Case of the Missing Detective on our hands. We've got to find Nancy!

Let me tell you, this sleuthing thing is no joke. We've worked with Nancy on lots of cases, but we've never had to do it ourselves -- and the stakes have never been so high. We think this might have to do with that possible museum theft Nancy was talking about -- we're just not sure yet. But we're working on it.

Wish us luck!

### Editorial Review

From [Booklist](#)

Gr. 4-7. This is the first in the Nancy Drew Super Mystery series. What makes it super? That's a mystery. But there is something new here. Nancy doesn't make an appearance until the last few pages. That's because she is missing, and the book revolves around finding her. Nancy's disappearance leaves the story in the hands of alternating narrators--Nancy's good friends George and Bess (although it's not always easy to tell their voices apart). When Nancy is late for a lunch date, her friends chalk it up to her usual forgetfulness. When she misses a date with boyfriend Ned, concern mounts. As several days pass, George, Ned, and Bess try to follow the slim offering of clues that might lead to her discovery. There are some catty comments that heighten the humor and a few inside jokes that provoke chuckles: wherever the trio goes, the first thing they are asked is, "Where's Nancy?" George wonders indignantly if they are nothing but sidekicks. Well, duh. A quick read, this is a Nancy for a new generation. *Ilene Cooper*
