### Diane Arbus: Magazine Work By Diane Arbus

Photography's most original artist presents the celebrities of her time in a remarkable collection of portraits. This work reveals the growth of an artist who saw no artificial boundary between art and the paying job and who succeeded in putting her indelible stamp on the visual imagination.

Photography's most original artist presents the celebrities of her time in a remarkable collection of portraits. This work reveals the growth of an artist who saw no artificial boundary between art and the paying job and who succeeded in putting her indelible stamp on the visual imagination.

*[In Diane Arbus: Magazine Work] her works are subtler, finer and more explosive than anything else she did.* – Photography magazine
