The Visual Dictionary of Star Wars, Episode II - Attack of the Clones By David West Reynolds

Star Wars: Episode II -- The Saga Continues... Marks the return of fan-favorite Dr. David West Reynolds as author, whose background as a professor of archaeology and deep knowledge of Star Wars informs the "pseudo-scientific" writing style that has become the hallmark of DK's Star Wars titles. Highlights the new array of characters, including: Anakin Skywalker, Obi-Wan Kenobi, Padme Amidala, Mace Windu, Count Dooku, also the young Boba Fett, plus new bounty hunters, battle droids, clone troopers and some major new species.

Editorial Review

Amazon.com Review

A thousand years from now, someone might find a dusty collection of DK's *Star Wars* titles buried in a library vault and wonder at the ancient strife, fashions, and droids of this unusual, unmarked era in history. For one who didn't know this was a series of film characters and situations being analyzed and explained, it would be an extremely believable history resource. For those who *do* know, it's a fantastic reference guide for all things *Star Wars*. David West Reynolds's impressive scientific writing style renders this "visual dictionary" a veritable bible of intergalactic information related to *Attack of the Clones*, the second prequel to the original *Star Wars* trilogy. The most intricate details of the characters, creatures, and equipment of the film are revealed in crisp, annotated photographs and authoritative text. We see, close-up, the meltproof Ceramoid mesh of a scouter's pack; the traditional Ansata pattern on Jedi Jocasta Nu's tunic, symbolizing knowledge and learning; and the alarming features of Poggle the Lesser, ruler of the Stalgasin hive colony of Geonosians. *Star Wars* fans and future anthropologists alike will be wowed. (Ages 9 and older) --*Emilie Coulter*

From reader reviews:

Stevie Mozingo:

What do you think of book? It is just for students because they're still students or this for all people in the world, the actual best subject for that? Merely you can be answered for that issue above. Every person has distinct personality and hobby for each other. Don't to be pushed someone or something that they don't desire do that. You must know how great along with important the book The Visual Dictionary of Star Wars, Episode II - Attack of the Clones. All type of book is it possible to see on many methods. You can look for the internet solutions or other social media.

Betty Ahlstrom:

Your reading 6th sense will not betray you actually, why because this The Visual Dictionary of Star Wars, Episode II - Attack of the Clones guide written by well-known writer whose to say well how to make book that could be understand by anyone who read the book. Written in good manner for you, leaking every ideas and creating skill only for eliminate your current hunger then you still doubt The Visual Dictionary of Star Wars, Episode II - Attack of the Clones as good book not simply by the cover but also by the content. This is one reserve that can break don't assess book by its deal with, so do you still needing yet another sixth sense to pick that!? Oh come on your looking at sixth sense already alerted you so why you have to listening to another sixth sense.

Dianne Roy:

Many people spending their time frame by playing outside along with friends, fun activity along with family

or just watching TV all day every day. You can have new activity to pay your whole day by reading through a book. Ugh, you think reading a book will surely hard because you have to accept the book everywhere? It ok you can have the e-book, delivering everywhere you want in your Smartphone. Like The Visual Dictionary of Star Wars, Episode II - Attack of the Clones which is keeping the e-book version. So , why not try out this book? Let's observe.

Harold Thompson:

This The Visual Dictionary of Star Wars, Episode II - Attack of the Clones is fresh way for you who has fascination to look for some information since it relief your hunger info. Getting deeper you in it getting knowledge more you know or else you who still having tiny amount of digest in reading this The Visual Dictionary of Star Wars, Episode II - Attack of the Clones can be the light food in your case because the information inside this specific book is easy to get through anyone. These books produce itself in the form that is reachable by anyone, that's why I mean in the e-book web form. People who think that in e-book form make them feel sleepy even dizzy this e-book is the answer. So there is no in reading a publication especially this one. You can find actually looking for. It should be here for a person. So , don't miss this! Just read this e-book kind for your better life and also knowledge.
