## **Body Temple, The** By McEndree, Drs Duane and Nancy

From the beginning of time, mankind has searched the heavens to solve mysteries that would explain their existence on this unique blue planet. Huge telescopes have been developed that reveal some of the amazing intricacies of the universe.

The Doctors McEndree turn these telescopes into microscopes. The Doctors reveal in a unique way how God has placed within every system of the body, every organ, and every microscopic cell, a revelation of His plan of salvation. The story of redemption is told in the masterwork of God as we search the universe within the human body sanctuary.

As God revealed Himself in the symbols found in the heavenly and earthly sanctuary, He reveals Himself again in the construction and workings of the Body Temple. God illumines His character of goodness, grace, mercy and love in microcosm in this unique evidence of anatomy and physiology as God made manifest His masterpiece--The Body Temple.
