A Theory of Religion By Rodney Stark, William Bainbridge

In this unique text, Stark and Bainbridge begin with basic statements about human nature and, employing the principles of logic and philosophy, build toward increasingly complex propositions about societies and their religious institutions. They provide a rigorous yet flexible sociological theory of religion as well as a general sociological model for deriving macrolevel theory from microlevel evidence.

Editorial Review

Review

«Stark and Bainbridge have made pioneering and enduring efforts in writing this book, and to a large extent they have been successful in their attempt to explain deductively why and how the phenomena of religion occur.» (K.Peter Takayama, *Journal of Church and State*)

«This study is generally clear and coherent, and provides fresh, interesting sidelights on the ebb and flow of religious groupings as human organizations.» (David J. Casey, *Theological Studies*)

«By demonstrating that the main propositions of the sociology of religion have a logical coherence, the authors have made a decisive contribution to their discipline.» (Winston Davis, *The Journal of Religion*)

«...the finest consistent application of the deductive method for the construction of a sociological theory of religion. The value of 'A Theory of Religion' lies in the distance it carries sociology toward a scientific theory of religion and in the sustained rigor of its deductive application. It is a 'must read'.» (Thomas Ryba, *Zygon*)

Users Review

From reader reviews:

Marie Velasquez:

In this 21st millennium, people become competitive in each and every way. By being competitive now, people have to do something to make these individuals survive, being in the middle of often the crowded place and notice through surrounding. One thing that occasionally many people have underestimated this for a while is reading. Yep, by reading a e-book your ability to survive improves then having chance to endure than other is high. For you personally who want to start reading a book, we give you that *A Theory of Religion* book as nice and daily reading reserve. Why, because this book is more than just a book.

Curtis Monahan:

Your reading 6th sense will not betray anyone, why because this *A Theory of Religion* book written by well-known writer we are excited for well how to make book which might be understood by anyone who also read the book. Written in good manner for you, still dripping wet every ideas and composing skill only for eliminate your own hunger then you still doubt *A Theory of Religion* as good book not merely by the cover but also by content. This is one guide that can break don't evaluate book by its include, so do you still needing a different sixth sense to pick this!? Oh come on your examining sixth sense already told you so why you have to listen to yet another sixth sense.

Ramona Wegener:

Many people spend their period by playing outside with friends, fun activity having family or just watching TV all day long. You can have new activity to enjoy your whole day by looking at a book. Ugh, do you think reading a book will surely be hard because you have to bring the book everywhere? It's alright you can have the e-book, taking everywhere you want in your Smart phone. Like *A Theory of Religion* which is

having the e-book version. So , why not try out this book? Let's notice.

Robert Jackson:

Do you like reading a e-book? Confuse to looking for your preferred book? Or your book ended up being rare? Why so many query for the book? But virtually any people feel that they enjoy intended for reading. Some people likes looking at, not only science book but novel and A Theory of Religion or maybe others sources were given expertise for you. After you know how the truly amazing a book, you feel want to read more and more. Science reserve was created for teacher or students especially. Those textbooks are helping them to increase their knowledge. In other case, beside science reserve, any other book likes A Theory of Religion to make your spare time much more colorful. Many types of book like this one.
