**Armageddon: The Cosmic Battle of the Ages (Left Behind)** By Tim LaHaye, Jerry B. Jenkins

The scattered Tribulation Force is drawn toward the Middle East, as are all the armies of the world, when human history culminates in the battle of the ages. During the last year of the Great Tribulation, safe houses are no longer safe and the world has become a powder keg of danger. Except for those already in Petra, everyone has been forced to relocate as the Antichrist ratchets up the pressure in the world's most treacherous game.

As the Trib Force waits for the coming of Christ, Chloe Williams is drawn out of the safe house to investigate something suspicious. Buck and Tsion travel to Jerusalem while Nicolae Carpathia orders an attack on the city, and Rayford becomes seriously injured outside Petra. Who will survive Armageddon?

A repackaged of the eleventh book in the *New York Times* best-selling Left Behind series.

Narrator Steve Sever professionally manipulates his voice to cover a large cast of characters as they converge to become part of the battle of Armageddon, and the end of time as the world perceives it. He grips the listener while unfolding the final outcome for the beloved characters who comprise the Tribulation Force in this battle between Good and Evil. The pace is fast as the plot marches toward the "great and terrible day of the Lord." Although an abridgment, the story flows smoothly and leaves no question unanswered. Music clearly defines side breaks and marks important scenes. The epilogue is informative as the Left Behind series reaches its end.
