Delivering Health Care In America (Delivering Health Care in America: A Systems Approach) By Leiyu Shi, Douglas A. Singh

In a clear, cohesive format, *Delivering Health Care in America* provides a comprehensive overview of the basic structures and operations of the US health system—from its historical origins and resources, to its individual services, cost, and quality. Using a unique “systems” approach, it brings together an extraordinary breadth of information into a highly accessible, easy-to-read text that clarifies the complexities of health care organization and finance, while presenting a solid overview of how the various components fit together. The fourth edition has been thoroughly updated with the latest information on: The global threat of avian influenza Health policy agenda of the Bush administration Progress towards Healthy People 2010 goals The effects of corporatization, information revolution, and globalization on health care delivery. The role of hospitals in the U.S. healthcare system The continuing nursing shortage Prospective payment initiatives for inpatient psychiatric facilities and inpatient rehabilitation facilities Pay-for-performance initiatives Trends in home health care services The role of long-term care hospitals and reimbursement for their services Disease management as a strategy to manage utilization The role of inpatient rehabilitation facilities Updated information on health services for special populations State strategies to provide universal coverage State Children’s Health Insurance Plan reauthorization issues The President’s Emergency Plan for AIDS Relief High-deductible health plans Insurance restructuring in Massachusetts Challenges in long-term care The era of evidence-based medicine Mandates of recent legislation such as the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 and the Deficit Reduction Act of 2005 New Fifth Edition Now Available

Editorial Review

Review

"...very interesting and informative to those in the health care "system" of America...worth adding to your library."(AAMA Executive -- Journal of the American Academy of Medical Administrators) -- *AAMA Executive (journal of the American Academ*

"Let me begin by saying that I liked this book very much...will be well received within the academic community." -- *University of North Carolina at Charlotte, June 7, 2001*

For anyone returning to the U.S. to practice in health care, this book provides the missing evolutionary pieces that "time away" may have created." -- *Hanrahan, Susan, PT, PhD, Physical Therapy, March 2001*

Users Review

From reader reviews:

Roxie Spencer:

As people who live in the actual modest era should be revise about what going on or details even knowledge to make these people keep up with the era that is always change and make progress. Some of you maybe can update themselves by looking at books. It is a good choice to suit your needs but the problems coming to an individual is you don't know what kind you should start with. This Delivering Health Care In America (Delivering Health Care in America: A Systems Approach) is our recommendation to cause you to keep up with the world. Why, because book serves what you want and need in this era.

Johanna Garrett:

Beside this specific Delivering Health Care In America (Delivering Health Care in America: A Systems Approach) in your phone, it might give you a way to get more close to the new knowledge or info. The information and the knowledge you can got here is fresh from oven so don't be worry if you feel like an outdated people live in narrow village. It is good thing to have Delivering Health Care In America (Delivering Health Care in America: A Systems Approach) because this book offers to you readable information. Do you often have book but you would not get what it's exactly about. Oh come on, that will happen if you have this in the hand. The Enjoyable option here cannot be questionable, including treasuring beautiful island. Use you still want to miss the idea? Find this book in addition to read it from at this point!

Jessica Jackson:

Is it anyone who having spare time in that case spend it whole day through watching television programs or just resting on the bed? Do you need something totally new? This Delivering Health Care In America (Delivering Health Care in America: A Systems Approach) can be the answer, oh how comes? The new book you know. You are consequently out of date, spending your spare time by reading in this new era is

common not a geek activity. So what these textbooks have than the others?

Nancy Ochoa:

What is your hobby? Have you heard which question when you got pupils? We believe that that problem was given by teacher on their students. Many kinds of hobby, Every person has different hobby. And also you know that little person such as reading or as looking at become their hobby. You must know that reading is very important and book as to be the matter. Book is important thing to add you knowledge, except your current teacher or lecturer. You will find good news or update about something by book. Amount types of books that can you choose to use be your object. One of them is actually Delivering Health Care In America (Delivering Health Care in America: A Systems Approach).
