Editorial Review

Review

"The author helps you identify what type of girl you are, which could be the reason why you aren't getting the guy you want in the first place. By understanding how you are portraying yourself, what you want and what guys want, the author clearly shows you how to get EXACTLY the guy you've got on your radar."

~Cathy Wilson

"The funny thing is that I found myself giggling, wondering, excited and there were 'ooohhhss' and 'aha!' moments in between pages...this is simply not just a book about how to get a guy or how to get a man to commit to you. But the book also opens up and reveals something about the woman reading it." ~Denise M.
