### Talks With Great Composers By Arthur M. Abell

Who does not ponder what inspires creativity? Why does one person excel as a doctor, another as an artist, and yet a third as a composer? Why do some fortunate people seem overly endowed with an abundance of creativity—this most precious of gifts—and others with little or none at all? Can creative inspiration be nurtured slowly and, suddenly, spring forth to mesmerize and enchant the world?

In the words of Emanuel Ax, we are given “fascinating glimpses into the innermost thoughts of some of our greatest composers” in this series of intimate and deeply felt conversations between Arthur Abell and Brahms, Puccini, Strauss, Humperdinck, Bruch, and Grieg. And through these revelations, one can understand with greater clarity the essence of genius.

In its entirety, the book is a paean to both the musical world and to those few who achieved greatness during the latter part of the 19th century and the early years of the 20th century. We cannot fail to be deeply impressed by the intense outpouring of emotion demanded by great creative endeavor. And here, nothing is spared. We are privy to the highs and lows—the great triumphs and the wrenching failures.

Talks with Great Composers brings to life the thoughts, fears, self-doubt, inherent religiosity, and the unparalleled joys that, by the end of the book, we come to appreciate must accompany all of life’s greatest challenges and accomplishments.

## **Editorial Review**

From the Back Cover  
What Inspires Creativity?

Between the years 1890 and 1917 Arthur M. Abell engaged in lengthy, candid conversations with the greatest composers of his day-- Johannes Brahms, Giacomo Puccini, Richard Strauss, Engelbert Humperdinck, Max Bruch, and Edvard Grieg-- about the intellectual, psychic, and spiritual tensions of their great creative endeavors. The result of their probing and insightful discussions is quite simply a masterpiece-- a document that reveals the agony, triumphs, and the religiosity inherent in the creative mind.

The six composers readily agreed to explore with their friend their innermost thoughts regarding the psychology of the creative process. Brahms insisted, however, that his disclosures not be published until fifty years after his death, because, he said, "I will not find my true place in musical history until at least half a century after I am gone."

A tribute to creative inspiration, "Talks with Great Composers" sparkles with wit, candor, humor, and the genius of the most cherished composers of all time.

## **Users Review**

**From reader reviews:**

**Ethelyn Allen:**

What do you concerning book? It is not important together with you? Or just adding material when you need something to explain what your own problem? How about your spare time?
