Deja Dead: A Novel (A Temperance Brennan Novel) By Kathy Reichs

The first Temperance Brennan novel in the “cleverly plotted and expertly maintained series” (*The New York Times Book Review*) from the #1 internationally bestselling thriller writer Kathy Reichs.

Her life is devoted to justice—even for those she never knew.

In the year since Temperance Brennan left behind a shaky marriage in North Carolina, work has often preempted her weekend plans to explore Quebec. When a female corpse is discovered meticulously dismembered and stashed in trash bags, Temperance detects an alarming pattern—and she plunges into a harrowing search for a killer. But her investigation is about to place those closest to her—her best friend and her own daughter—in mortal danger...

“A genius at building suspense” (*Daily News*, New York), Kathy Reichs’s Temperance Brennan books are ripe with intricate settings and memorable characters” (*Milwaukee Journal Sentinel*).

Editorial Review

From Library Journal

Actress Amy Irving's low-key approach fits first novelist Reichs's on-the-edge-of-your-seat thriller (LJ 8/97) perfectly. Montreal forensic anthropologist Temperance Brennan is called upon when seemingly old bones are unearthed. She unwittingly stumbles upon a headless and fresh corpse. Research into other murders convinces her that a pattern is emerging and perhaps a serial killer is on the loose. Reluctant to agree, the police do not offer much assistance, and Tempy embarks upon detailed and sometimes grisly detective work, which makes her the killer's target. Immediately grabbing the listener's attention, this sophisticated work is stocked with well-developed and believable characters. The frequent French place names and phrases handled eloquently by Irving add an authentic and exotic flavor. One hopes that this will be just the beginning of a series of Temperance Brennan mysteries. Susan McCaffrey, Sturgis Middle Sch., Mich. Copyright 1997 Reed Business Information, Inc.

From [Booklist](#)

Temperance Brennan may not be competition for Kay Scarpetta, Patricia Cornwell's medical examiner, in the romance department, but she's just as stubborn and almost as astute when it comes to sleuthing. While investigating a grisly discovery for the Montreal coroner's office, Tempe finds herself remembering a similar investigation she conducted on the remains of a woman who was savagely dismembered and stuffed in garbage bags. When Tempe's concerns about a serial killer are dismissed by the police, she decides to pursue the matter herself--a course of action that both puts her career on the line and so effectively upsets the murderer's plan that he sets his sights on her. Montreal, with its French culture, is an enticing setting for Reichs' first mystery, and as a forensic anthropologist who spends part of her time working for the Province of Quebec, Reich knows the city well. She also contributes a wealth of authentic medical detail as she follows Tempe on her gripping, convoluted quest to catch a psychotic killer. A high-voltage thriller that readers won't want to put down. Reichs' novel generated great interest at the Frankfurt Book Fair and prompted a big-numbers rights auction. *Stephanie Zvirin*

From Kirkus Reviews

Dr. Temperance Brennan, the forensic anthropologist transplanted from North Carolina to Montreal, hopes the bones found at Le Grand S, minaire are too ancient to fall within her purview. No such luck. Not only has Isabelle Gagnon been recently and horribly killed, but Tempe's memory of another grisly discovery in a bunch of trash bags marks this death as the work of a sadistic serial killer who's far from finished. To catch this monster, Tempe and her colleagues at the Laboratoire de M, dicine L, gale take a long look at several sets of teeth, compare the traces left on human bone by different kinds of saws, and consider exactly what it means to find a bathroom plunger, or a statue of the Virgin Mary, inside a rotting rib cage. As a break from her exhaustive lab sessions, Tempe spars with Sgt. Luc Claudel, the homicide cop who has a problem with interfering women, and hangs out with her grad school friend Gabby Macaulay, whose study of the mating habits of prostitutes is bound to be more closely connected to Tempe's case than she realizes. Tempe is an appealing new heroine, and the forensic detail is gripping, but because Reichs--whose r, sum, sounds a lot like her heroine's--lacks the whiplash control of Patricia Cornwell at her best, the story seems overlong, overpeopled (more lifeless walk-ons than the phone book), and overwrought. (The hysterical scenes between Tempe and Gabby, who keeps babbling about the unspeakable secrets she just can't share with her old friend, are especially annoying.) But readers ravenous for ghoulish detail and hints of unfathomable evil, spruced up by the modishly effective Quebec setting, will gobble this first course greedily and expect better-balanced nutrition next time.
