**The Choices Trilogy: Explicit hot alpha male romantic mystery novels** By Dee Palmer

This is a billionaire romantic HEA series.

Bethany Thorne has secrets and she's told a few lies but she's hurt no-one. She just wants a better life, she works hard for a better life, a life with choices but a chance encounter at her new University with billionaire, hot alpha Daniel Stone makes her heart beat, her body tremble and rocks her very foundation. Reeling from the intensity of her unfathomable reactions to this man her world is sent further spiralling out of her control when on this first meeting he casually whispers that he knows she's a liar. Bethany begins to feel her hard earned choices start to disintegrate before her.

Her innate and newly discovered submissive nature is highlighted further by her extreme reaction to each encounter with alpha Daniel Stone. Seriously hot, dark and dominant he evokes an instant heat and desire she has never felt before, but he is dangerous, he is powerful and he seems to see right through her. Choosing to try and stay under his radar proves to be the first choice to slip through her fingers.

Dee Palmer lives just outside of London with her husband and (slightly embarrassed) children. Her passion is writing sexy steamy romance stories that will scorch the pages right off your kindle and are guaranteed to make your heart pound. She loves an HEA but isn't afraid to put her readers through the ringer before she delivers.

When not at her desk she can be found either fanning around on Facebook or with her nose stuck in her Kindle. Once in a while when the lights are down she might be spotted about town searching for the best French martinis and throwing some dubious shapes on the dance floor.
