## The Ultimate Language Learning Secret By Anthony Metivier

If you've ever wanted to experience a massive boost in your language learning efforts and see an improvement of 100% ... 200% ... 300% (or more) sooner than you ever imagined possible, then this book may be the most important language learning book you'll ever read.

In "The Ultimate Language Learning Secret," you'll discover:

- \* How to escape from the prison of your mother tongue so that you can enjoy the benefits of fluency, including better understanding, communication and advanced experiences in travel for pleasure, business and personal development.
- \* How to identify language learning heroes who can literally transform your current lack of words into an abundance of fluency.
- \* The magic formula for developing discipline, ability and self-control all at the same time so that you can sit and accomplish your language learning goals quickly, easily and in ways that are effective, easy and fun. (This formula alone is worth double the price of this book.)
- \* Exactly how to earn and spend the "currency" of fluency so that you can exchange new ideas with the speakers of your target language, earn their admiration and enjoy their respect.
- \* How to completely re-wire your mind so that the "work" of language learning becomes playtime - every time.
- \* A precise method for using travel magazines to boost your fluency (and whet your appetite for travel so that you get your butt in the plane and enjoy the amazing benefits of traveling in and through the language you're learning to speak.)
- \* How to research the absolutely best training materials so that you can always instantly choose the best and invest your time and money wisely.
- \* How to eliminate negative labels about language learning that most people hold so that you're no longer held back by the nasty "earworms" responsible for

"language learning depression."

- \* Why you need a monolingual dictionary in order to truly succeed at language learning and feel like you're really learning the language like a pro.
- \* The ultimate no-nonsense time management strategies for language learning that no one has ever taught you before.
- \* How to train your family, friends and loved ones to give you the necessary space for language learning without having to worry about feeling selfish, needy or coming off as a language learning diva.
- \* ... and much, much more.

None of the language learning techniques in this book require rocket surgery or brain science.

There's no hype and no exaggerated claims.

Frankly, if you can learn to flip a coin, you can learn to speak a language.

But there's really no time to lose. Every day that you're not using the Ultimate Language Learning Secret, you're missing out on one of life's most precious and easily accepted gifts: foreign language fluency.
