**The landmark emergency medicine text is now in full color**

*17 additional chapters available for download*

With 418 contributors representing over 120 medical centers around the world, *Tintinalli's Emergency Medicine* is the most practical and clinically rigorous reference of its kind. It covers everything from prehospital care, disaster preparedness, and basic resuscitative techniques, to all the major diseases requiring emergency treatment, such as pulmonary emergencies, renal and GU disorders, and hemophilia. This authoritative, in-depth coverage makes this classic text indispensable not only in emergency departments, but also for residents and practitioners when studying or preparing for any exam they may face.

While continuing to provide the most current information for acute conditions, the seventh edition of *Tintinalli's Emergency Medicine* has been substantially revised and updated to cover all of the conditions for which patients seek emergency department care in a concise and easy-to-read-manner.
