## Anesthesiology: A Comprehensive Board Review for Primary and Maintenance of Certification From Oxford University Press

Anesthesiology: A Comprehensive Review for the Written Boards and Recertification is a high-yield, streamlined study aid. It contains more than 1000 updated, realistic multiple-choice questions tailored to the question content of recent American Board of Anesthesiology (ABA) exams. To maximize reading efficiency, key messages are repeated and highlighted in the bullets. While focusing on most-frequently tested keywords by the ABA, this book also covers new "emerging" topics such as patient safety, statistics, and ethics. Well-chosen illustrations and graphs are used to enhance the learning experience. Also novel is a high-yield summary of the 60 most frequently tested topics and concepts to be reviewed just before taking the boards. With this book as guidance, readers will be able to efficiently prepare for the written primary certification or recertification anesthesiology board exam.

### **Editorial Review**

#### **Review**

"The chapters contain multiple-choice questions, followed by a section that contains the correct answer to each question, an elaboration of that answer, illustrations in some places to aid in learning, key facts associated with the topic, and finally, a list of additional readings. This is what we call 'expert organization.' This is an excellent guide with concise questions and answers that make for efficient, time-saving, and really effective review for the anesthesiology board examination." -- *BizIndia*
