**Apollo** By Charles Murray, Catherine Bly Cox

Out of print for fifteen years, this is the classic account of how the United States got to the moon. It is a book for those who were part of Apollo and want to recapture the experience and for those of a new generation who want to know how it was done. It is an opinion shared by many Apollo veterans. Republished in 2004 with a new Foreword by the authors.

## Editorial Review

### Review

"Heart-gripping.... So brilliantly told one can almost smell the perspiration in Houston Mission Control." -- *Charles Petit, San Francisco Chronicle, July 9, 1989*

"Marvelous.... Captures the mood and spirit of the people who found a way to the moon. -- *Michael Collins, The New York Times Book Review, July 16, 1989*

"Rich, densely packed and beautifully told.... Filled with cliffhangers, suspense and spine-tingling adventure." -- *Charles Sheffield, Washington Post Book World, July 9 1989*

### About the Author

Charles Murray, author of *Losing Ground* and coauthor of *The Bell Curve*, was educated at Harvard and M.I.T. Catherine Bly Cox, an expert on Henry James, was educated at Oxford and Yale. Husband and wife, they share a long-standing fascination with the exploration of space that led them to write *Apollo*.

## Users Review

### From reader reviews:

#### Yolanda Osuna:

In this 21st millennium, people become competitive in each and every way. By being competitive today, people have to do something to make these people survive, being in the middle of the actual crowded place and notice simply by surrounding. One thing that at times many people have underestimated the idea for a while is reading. Sure, by reading a reserve your ability to survive boost then having chance to stand than other is high. For you who want to start reading some sort of book, we give you this particular Apollo book as beginning and daily reading reserve. Why, because this book is greater than just a book.

#### Marjorie Batchelder:

Reading can be called imagination hangout, why? Because when you find yourself reading a book mainly book entitled Apollo your thoughts will drift away through every dimension, wandering in each and every aspect that maybe unknown for but surely can become your mind friends.
