### Death Wishes: 10 Things I Must Do Before I Die By Rowanna Green

During a routine operation, Jo Gold dies, causing all hell to break loose in heaven. No more exciting explorations with her teenage kids. No more bringing the worlds of film and TV into her maths lessons. No more dreams of adventures further afield. Or are there?

Her list of “10 things I must do before I die,” written in front of witnesses, constitutes a legal and binding contract. Based on seven key aspects of her life, the angels have to decide whether she deserves a stay of execution to fulfil her bucket list.

Machidiel is a complete rookie, so everything is against him, especially the technology that lets him experience Jo’s emotions. As he builds a picture of her creative accomplishments, he is drawn to her in ways no angel should be. The added complication? His boss, Zadkiel, is determined to cause chaos at every opportunity. Mac is equally determined to keep this woman alive. If she lives and he is appointed her guardian angel, the real problem will be resisting his attraction to her.

When faced with the ultimate temptation of a true soul mate, they will need every ounce of honour and integrity, not to succumb.

**This is a romantic fantasy featuring a hot angel and Stonehenge. What's not to like?**

### Editorial Review

#### Review

"With all of the originality that Rowanna Green readers have come to love, DEATH WISHES takes readers on a journey to the afterlife, where things are almost nothing like you might have imagined them. Combining a one of a kind story with her masterful control of the English language, Ms. Green has added another stroke of genius to a tapestry already filled with bright hues of brilliant fiction. DEATH WISHES will be certain to keep readers of smart fiction entertained for generations to come." - Buzz Malone, Author of Silence of Centerville.

"The characters Ms Green has created are so loveable and so real, that by the end, you will feel like you are reading a story about your best friend. Her humor sparkles, her passion sizzles and her image of the bureaucracy of Heaven is truly unique (and hilarious). I don't care if I'm talking in cliches: This book deserves all the good ones!" - JD Faulkner, Author of Mirrored Time

"Full of heat, sass and humour, Death Wishes is a fantastic must read. Seriously. MUST. READ. :)" - Amazon Reader

"The narrative provides an uplifting mood of redemption, love and spirituality throughout the book. It is perfect for readers who love the forbidden and seemingly impossible romances and yearn to experience the same in their lives. 'Death Wishes' is as guilty pleasure as they come." - Amazon Reader

#### From the Author

This story was gifted to me in the middle of writing another one. It came like a bolt from the blue - completely heaven sent. The idea of an office full of Angels using advanced computer programs may seem odd and some may take offence at my characterisation of their favourite Angel. Zadkiel comes off particularly badly, until you realise that in a movie, he would be played by Alan Rickman. Then it all comes good.

Please know that no offence is meant. In my head, this is what Heaven might be like. I hope you enjoy spending time with these characters as much as I have. Any resemblance to people who think they know me is pure coincidence - I borrowed some of your story, not your life.

#### About the Author

Almost every minute of every day sees her sat at a keyboard, furtling with a story (hers or someone else's) or chatting to her many friends all over the world. She lives with her husband in the middle of England with the odd visit from their three darlings. There are some boring bits about having to earn a crust - but that's not really Ro.

Half a century of people, countries and experiences are fighting inside her mind to get themselves down on paper. So many stories, so little time.
