### **Editorial Review**

#### **Review**

"Engaged in the study of law at the undergraduate level? Then, 'The English Legal System 2015-2016' by Gary Slapper and David Kelly is -- or should be -- the main textbook you should acquire. This definitive work is the core textbook for any student studying law, either as a main discipline or possibly as part of a course, (law and economics for example), although primarily it is aimed at the law undergraduate intending to pursue law as a career either professionally or ancillary to other tasks. The book's contents, the clarity of its presentation and its links to an extensive and authoritative array of online resources together constitute the ideal foundation for academic legal studies. Now going into its sixteenth edition, no less, it is considered the best text of its kind. Certainly its two authors, Gary Slapper and David Kelly, are highly experienced current legal trainers, as the book amply demonstrates."
