Editorial Review

From Publishers Weekly

Christy Award-winning novelist and lawyer Singer (*Directed Verdict*) lets the action sprint out of the gate with a murder in the first few pages. With murderer and victim dead, the moral issue of gun control takes center stage in the book, with a number of side dilemmas. The opposing counsels in the gun control case are young, ambitious lawyers, and both have hidden sins that could sink their careers. A law firm that both worked for further complicates the action. Singer piles the moral and plot complexities a bit too high; the backstories of main characters Jason Noble and Kelly Starling are relevant, but the tangled relationship between Jason and his cop father bogs down the action. The legal-thriller genre lends itself to the pattern of conversion that evangelical Christian novels require, and Singer offers logical character developments that aren't heavy-handed. The only stock feature in this well-plotted novel is the generic, fakey-sounding names (Brad Carson, Kelly Starling). But that's a quibble about a book that will entertain readers and make them think—what more can one ask? (*July*)

Review

At the center of the heart-pounding action are the moral dilemmas that have become Singer's stock-in-trade. . . . An exciting thriller.
