Epiphany By Gemma James

The last thing I expect when I move to my mother's hometown is to run into the guy I've been dreaming about for years.

Literally.

Not only have I seen him in my dreams long before meeting him in the flesh, but I run smack into his muscular chest in a bar. Then I puke on him.

Not one of my finer moments.

But things are getting messier. He shows up where I work and has no clue it was me. In fact, there are a lot of things he's in the dark about.

Like how I've dreamed of him yet again, and how I'm terrified for his safety now. A madman has made our small town his new stomping ground, and I'm witness to all the gory details as they unfold like a horror movie every time I close my eyes.

But Aidan's sexy-as-hell intuitive gaze won't quit haunting me. He has secrets too, and I'm determined to uncover every last one. Together, we might just heal each other.

If fate and a serial killer don't get to us first.

Editorial Review

Review

"Right away the prologue gives the reader a little bit of action, and worry! I was sucked in from that point, and didn't want to put my kindle down! I read this whole book in one sitting, it was just that amazing." ~ *Paper Crushes*

"Mackenzie and Aidan really had something special between them and with all the tragic events that happen, I rooted for them to stay together. This must be my new favorite author!" ~ *Spiced Latte*

"The storyline is completely wicked. Just when I think that I am going to recover, we the readers are hit with more drama and chaos." ~ *Crystal's Random Thoughts*

About the Author

Gemma James is a USA Today and Amazon bestselling author of a blend of genres, from new adult suspense to dark erotic romance. She loves to explore the darker side of human nature in her fiction, and she's morbidly curious about anything dark and edgy, from deviant sex to serial killers. Readers have described her stories as being "not for the faint of heart."

She warns you to heed their words! Her playground isn't full of rainbows and kittens, though she likes both. She lives in Oregon with her husband and their four children--three rambunctious UFC/wrestling-loving boys and one girl who steals everyone's attention.
