ManHandling: Become the Woman Men Want: The Ultimate Guide to Getting Him Committed and Never Being Taken for Granted Again By K.M. Docherty

A combination of evolutionary psychology and experience make this *the* dating book for women looking to lock down a casual relationship or get what they want out of an old one.

How many times has a relationship suddenly stopped dead in its tracks leaving you mystified as to what you could have done wrong? Things were going so great. The spark between you two was out of this world, you could talk to this guy for hours on end – and yet you had been dating for months and he never once attempted the 'talk'.

If you've ever once stayed up all night wondering "*what are we*" then you need to read this book.

There is no worse feeling in the world than not knowing what you two are or where things are (or aren't) going. Especially when you've invested weeks, months or even years of your life with this person. As soon as you become aware that the relationship isn't moving forward – all of a sudden it feels like time is ticking. Should you just keep waiting? Should you initiate the talk yourself? Does this mean he's still sleeping with other girls? Should you just walk away now? Should you give him an ultimatum?

What is it that makes men want to commit to some women and not others? Learn the secrets to becoming the type of person men can't help but become hopelessly devoted to. Retrain yourself to become the type of irresistible woman men instinctively prioritize.

Find out what men want, why they want it, and how to become that woman. ManHandling combines research from some of the world's leading psychologists as well as personal and crowdsourced experience to empower women in their dating lives.

Get what you want from men in a world where men just don't date like they used to. Learn to hold your own and become the type of sexy, confident woman men treat like gold. This is no-nonsense, straight talk advice that will leave you stronger, smarter and in control.

If you feel like you're the perfect girlfriend - but are having trouble holding down a man or getting him to behave like he used to – this is the book for *you*.

Find the answers to the above and the following questions inside:

- How Long Should I Wait Until I Know I'm Exclusive With a Man?
