### Wall Street Watchman By *Diego Ratti*

Traders are continuously surrounded by false opinions and misleading theories about the causes of the market movements by newspapers, media and so called "market-experts": for the real causes a trader should search elsewhere, investigating the nature of repeating cycles and their effects upon human beings. In this book the author examines some astronomical cycles and their effect on the stock market trying to recover the lost knowledge of the ancients in the footsteps of pioneers of this field like Gann and Bayer.
