

Essentials of Science Classroom Assessment

By Xiufeng Liu

Essentials of Science Classroom Assessment By Xiufeng Liu

A concise science assessment text that helps K-12 teachers master the effective science assessment methods that lead to improved student learning

Presenting both traditional and innovative assessment methods integral to science teaching and learning, **Essentials of Science Classroom Assessment** shows teachers the connection between effective science assessment and improved student learning. The text uses a competence-based approach consistent with the National Science Education Standards to help teachers master assessment skills, apply them to science classroom instruction, and evaluate their impact on student learning.

Key Features and Benefits

- Provides practical examples from both elementary and secondary science classrooms to demonstrate how to design a wide variety of traditional and innovative assessment methods
- Presents case scenarios in each chapter that help teachers reflect on the assessment issues they will encounter in their own classrooms
- Includes end-of-chapter checklists and practice questions that allow readers to check their mastery of assessment skills before moving on, as well as annotated bibliographies that direct them to additional readings on topics of interest

Editorial Review

About the Author

Xiufeng Liu is Associate Professor of Science Education at the State University of New York at Buffalo. He received his doctorate in science education from the University of British Columbia in 1993. He was a high school chemistry teacher in China, a research associate at the China National Institute for Educational Research (CNIE), and a science teacher educator in Canada before his current position. He conducts research in the closely related areas of technology-enhanced science assessment, applications of measurement models in science education, conceptual change in science, and science curriculum policies. He has published over 30 refereed articles in key science education journals, 5 books, 15 book chapters, and presented numerous papers at national and international conferences. Dr. Liu teaches courses entitled Measurement and Evaluation of Science Teaching, Seminar on Science Teaching, Seminar on Science Curricula, and Technology for Science Teaching. In addition, he conducts an annual summer science assessment workshop for teachers, and is frequently invited to give talks and workshops on science assessment including Rasch measurement.

Users Review

From reader reviews:

Charles Tebo:

Book is written, printed, or illustrated for everything. You can understand everything you want by a publication. Book has a different type. To be sure that book is important issue to bring us around the world. Next to that you can your reading proficiency was fluently. A guide Essentials of Science Classroom Assessment will make you to possibly be smarter. You can feel far more confidence if you can know about every thing. But some of you think in which open or reading a new book make you bored. It's not make you fun. Why they can be thought like that? Have you searching for best book or appropriate book with you?

Michael Coffman:

Your reading sixth sense will not betray you actually, why because this Essentials of Science Classroom Assessment publication written by well-known writer who really knows well how to make book that may be understand by anyone who read the book. Written inside good manner for you, dripping every ideas and composing skill only for eliminate your current hunger then you still doubt Essentials of Science Classroom Assessment as good book not just by the cover but also by the content. This is one reserve that can break don't judge book by its include, so do you still needing an additional sixth sense to pick this!? Oh come on your studying sixth sense already told you so why you have to listening to yet another sixth sense.

Stuart Ross:

This Essentials of Science Classroom Assessment is great e-book for you because the content which can be full of information for you who else always deal with world and possess to make decision every minute. This kind of book reveal it info accurately using great coordinate word or we can point out no rambling sentences

in it. So if you are read this hurriedly you can have whole information in it. Doesn't mean it only provides straight forward sentences but tricky core information with beautiful delivering sentences. Having Essentials of Science Classroom Assessment in your hand like getting the world in your arm, data in it is not ridiculous a single. We can say that no reserve that offer you world in ten or fifteen moment right but this book already do that. So , this really is good reading book. Hey there Mr. and Mrs. busy do you still doubt which?

Richard Stratton:

That guide can make you to feel relax. This specific book Essentials of Science Classroom Assessment was colorful and of course has pictures around. As we know that book Essentials of Science Classroom Assessment has many kinds or variety. Start from kids until teens. For example Naruto or Investigation company Conan you can read and believe that you are the character on there. Therefore , not at all of book tend to be make you bored, any it offers up you feel happy, fun and chill out. Try to choose the best book to suit your needs and try to like reading in which.
