Five Pack of Wolf Shifter Romances (The Pack Rules Book 5) By Michele Bardsley

Taken by the Werewolf Triplets: the Elders of the Winter Pack have appointed Echo Vermont to participate in the sacred ritual that honors the three founders of the Winter Pack: River, Stone, and Ash. The ritual means having sex with the representative of the “three brothers”—in front of the entire pack. Echo doesn’t expect her humiliation to turn into immeasurable pleasure... or into true love. With all three werewolves. Who says a girl can’t have it all?

Her Billionaire Alpha: Kade Stonewell makes a mating offer to Lilly Addison, the human widow of the pack's most respected beta, a plus-sized beauty who's been his secret crush since college. He'll prove to Lilly that he's a true alpha—one who will passionately conquer every sexy curve of her body. Then he will accomplish the most difficult task of all: Capturing her heart.

Her Billionaire Beta: Matthew Canton knows Kammie Desmond is avoiding him, relationships, and men. But that doesn't mean he'll give up on the only woman he's ever truly wanted. And if he has to become a werewolf pirate and seduce his lady ...well, that's exactly what Matt will do. Ahoy, love!

Kidnapped by the Werewolf: Bo Brown needs Ava Shepard’s help. All he has to do is convince the beautiful, feisty human to help him save his family—before they become the prize trophies in a nefarious shifter hunt.

Her Alpha Mate: As the alpha’s wife, Alice Mason has committed the one unforgivable sin: She is barren. She has failed her pack and her mate, Jonas, the alpha of the Fire Pack. When her stubborn husband refuses to divorce her, or at least take a second wife, Alice feels she only has one option left: Invoke the pack’s fire spirit protector, the Kunda. Only Alice’s sacrifice can ensure the future of her pack... and the true happiness of her alpha mate.
