Editorial Review

Review

"A unique and invaluable guide to historical research and writing whose dimensions are unprecedented and also very up-to-date. From traditional history to information technology to genealogy to bibliographies, this step-by-step approach has no genuine equivalent." ?*Stanley Payne, University of Wisconsin-Madison*

"In *History Hunting*, Jim Cortada sheds light on his notable personal history and breathes life into the daily work of the practicing historian--from hunting down complete sets of Spanish encyclopedias to coordinating a multigenerational family history project to archiving the contemporary history of information technology. Researching, refining, preparing, writing--the clues to prolific authorship are in this book." ?*Thomas J. Misa, University of Minnesota*

"This is a warm and useful guide to researching and writing history. While the book is a perfect choice for the amateur historian, it also has important advice for the professional. If you are just getting started, how do you identify the right topic? Where do you begin and end your story? Where do you find source material? How do you take advantage of the resources that are available online, and how do you know whether to trust the information you find there? This guide addresses all the steps to completing a research project successfully, and it does so in a clear and practical way." ?*Bill Aspray, University of Texas at Austin*

About the Author

James W. Cortada is a Senior Research Fellow at the Charles Babbage Institute at the University of Minnesota.

Users Review

From reader reviews:

Tanya Minor:

Why don't make it to be your habit? Right now, try to ready your time to do the important behave, like looking for your favorite guide and reading a publication. Beside you can solve your long lasting problem; you can add your knowledge by the reserve entitled *History Hunting A Guide For Fellow Adventurers*. Try to face the book *History Hunting A Guide For Fellow Adventurers* as your close friend. It means that it can for being your friend when you really feel alone and beside those of course make you smarter than previously. Yeah, it is very fortunate for you personally. The book makes you considerably more confidence because you can know every thing by the book. So , we need to make new experience and also knowledge with this book.

Michael Bradley:

Why? Because this *History Hunting A Guide For Fellow Adventurers* is an unordinary book that the inside of the guide waiting for you to snap the item but latter it will zap you with the secret the idea inside. Reading

this book next to it was fantastic author who else write the book in such awesome way makes the content inside of easier to understand, entertaining technique but still convey the meaning totally. So , it is good for you for not hesitating having this ever again or you going to regret it. This excellent book will give you a lot of positive aspects than the other book have got such as help improving your ability and your critical thinking method. So , still want to hold off having that book? If I were you I will go to the reserve store hurriedly.

Edward Kirklin:

Many people spending their moment by playing outside together with friends, fun activity along with family or just watching TV 24 hours a day. You can have new activity to shell out your whole day by reading a book. Ugh, do you think reading a book can really hard because you have to bring the book everywhere? It alright you can have the e-book, having everywhere you want in your Mobile phone. Like History Hunting A Guide For Fellow Adventurers which is keeping the e-book version. So , try out this book? Let's see.

Roderick Grubb:

A lot of reserve has printed but it differs. You can get it by internet on social media. You can choose the top book for you, science, amusing, novel, or whatever by searching from it. It is referred to as of book History Hunting A Guide For Fellow Adventurers. You can contribute your knowledge by it. Without leaving behind the printed book, it could add your knowledge and make you actually happier to read. It is most crucial that, you must aware about publication.
