The Wesleyan Anthology of Science Fiction From Brand: Wesleyan

The Wesleyan Anthology of Science Fiction features over a 150 years' worth of the best science fiction ever collected in a single volume. The fifty-two stories and critical introductions are organized chronologically as well as thematically for classroom use. Filled with luminous ideas, otherworldly adventures, and startling futuristic speculations, these stories will appeal to all readers as they chart the emergence and evolution of science fiction as a modern literary genre. They also provide a fascinating look at how our Western technoculture has imaginatively expressed its hopes and fears from the Industrial Revolution of the nineteenth century to the digital age of today. A free online teacher's guide at <http://sfanthology.site.wesleyan.edu/> accompanies the anthology and offers access to a host of pedagogical aids for using this book in an academic setting. The stories in this anthology have been selected and introduced by the editors of *Science Fiction Studies*, the world's most respected journal for the critical study of science fiction.

Editorial Review

Review

"No institutional library should be without this truly phenomenal volume, and non-academic readers will greatly appreciate the bargain-basement price on the trade paperback edition."--Publishers Weekly

"This big book is both a thrilling and entertainment and a convincing argument for the way SF can refresh the mind, play boldly with form and reflect its era creatively - in other words, what all good literature should do."--Ed Park, Los Angeles Times

"This anthology offers an overview from the works of Nathaniel Hawthorne and Jules Verne to those of William Gibson - so thorough with its brief, informative analyses at the start of each story, reading this collection is like taking a course without the bother of tests."--Eve Ottenberg, Washington City Paper

"....what has notably been missing is an anthology that bridges the gap between the classroom and the general reader, a book that is both an excellent teaching tool and a pretty good overview of the field for SF Readers who began their reading in the 1980s or later. ...The Wesleyan Anthology of Science Fiction is very nearly that book, and is almost certainly the most useful SF teaching and historical anthology now available."--Gary K. Wolfe, Locus magazine

About the Author

ARTHUR B. EVANS is a professor of French at DePauw University. He has published numerous books and articles on Jules Verne and is the general editor of Wesleyan University Press's Early Classics of Science Fiction book series. ISTVAN CSICSERY-RONAY JR. is a professor of English at DePauw University and the author of *The Seven Beauties of Science Fiction* (Wesleyan, 2008). JOAN GORDON is a professor of English at Nassau Community College and coeditor of several volumes of scholarly essays on science fiction. VERONICA HOLLINGER is a professor of cultural studies at Trent University in Peterborough, Ontario and the coeditor of *Queer Universes: Sexualities in Science Fiction* (2008).
